

# Designer

## POSITION SUMMARY

Designers are full time, year round positions that are responsible for designing and estimating landscape projects. This position requires a creative individual with extensive horticultural knowledge.

## RESPONSIBILITIES

- Generate landscape plans in CAD based DynaSCAPE
- Generate estimates, budgets, and proposals
- Field measurements and pre-construction site photos
- Assist with construction budgets and job costing
- Always represent the company's best interest and maintain the highest level of integrity
- Research materials and techniques as required
- Communicate with clients, builders, sub-contractors, vendor, and co-workers promptly and courteously

## MINIMUM QUALIFICATIONS

- 3 to 5 years' design experience in the green industry with extensive knowledge of plant material suitable for our environment, and unique micro-climates within a given project
- Highly motivated self-starter
- Good problem solving and critical thinking skills
- Thorough knowledge of landscape materials and processes
- Strong communication skills
- Knowledge of CAD based DynaSCAPE and DynaSCAPE Color or similar programs
- Familiarity with Microsoft Word, Excel and Sketchup
- Valid driver's license with a clean MVR

## PREFERRED QUALIFICATIONS

- An associate's degree or a bachelor of science in landscape design or architecture, horticulture, or other related field
- Estimating and job costing experience
- Horticulture background
- Experience with irrigation and landscape lighting design

## ABOUT DETAILED LANDSCAPE

Detailed Landscape is a landscape design/build/maintenance company serving Northern Colorado since 1999. Although we are known for creating high-end custom landscapes, we design, install and maintain landscapes of all scopes and sizes. Our people are the reason for our success.

We are looking for people who are dedicated to the landscape industry and have a passion for quality.
